At school

Lucas goes to school every day of the week. He has many subjects to go to each school day: English, art, science, mathematics, gym, and history. His mother packs a big backpack full of books and lunch for Lucas.

His first class is English, and he likes that teacher very much. His English teacher says that he is a good pupil, which Lucas knows means that she thinks he is a good student.

His next class is art. He draws on paper with crayons and pencils and sometimes uses a ruler. Lucas likes art. It is his favorite class.

His third class is science. This class is very hard for Lucas to figure out, but he gets to work with his classmates a lot, which he likes to do. His friend, Kyle, works with Lucas in science class, and they have fun.

Then Lucas gets his break for lunch. He sits with Kyle while he eats. The principal, or the headmaster as some call him, likes to walk around and talk to students during lunch to check that they are all behaving.

The next class is mathematics, which most of the students just call math. Kyle has trouble getting a good grade in mathematics, but the teacher is very nice and helpful.

His fourth class is gym. It is just exercising.

History is his last class of the day Lucas has a hard time staying awake. Many lessons are boring, and he is very tired after doing gym.

My family at home

My family lives in a small house. It's simple but pretty. It has a large garden. I like to work in the garden but my sister hates to work in the garden. She prefers to read. She reads in the morning, in the afternoon and at night.

I give all of the vegetables to mom and dad. They like to cook in our small kitchen. I eat any vegetable but my sister eats only a few.

My family always eats breakfast and dinner together. We talk. We laugh. Then my sister washes the dishes.

At night dad likes to listen to music. Mom works on the computer. I watch television. And my sister reads.

Soon we go to bed. My parents go to bed late but my sister and I go to bed early. I'm ready to go to sleep but my sister wants to keep reading.

The city where I live

My name is Clark, and I will tell you about my city.

I live in an apartment. In my city, there is a post office where people mail letters. On Monday, I go to work. I work at the post office. Everyone shops for food at the grocery store. They also eat at the restaurant. The restaurant serves pizza and ice cream.

My friends and I go to the park. We like to play soccer at the park. On Fridays, we go to the cinema to see a movie. Children don't go to school on the weekend. Each day, people go to the hospital when they are sick. The doctors and nurses take care of them. The police keep everyone safe. I am happy to live in my city.

My morning routine

My name is Bob. Each day I drive my kids to school. My daughter goes to a school that's far from our house. It takes 30 minutes to get there. Then I drive my son to his school. It's close to my job. My daughter is in the sixth grade and my son is in the second. They are both good students. My daughter usually sings her favorite songs while I drive. My son usually sleeps.

I arrive at the office at 8:30 AM. I say good morning to all my workmates then I get a big cup of hot coffee. I turn on my computer and read my email. Some days I have a lot to read. Soon I need another cup of coffee.

Les fêtes en France

25

En France, il y a au total 11 fêtes pendant l'année. Ce sont des jours fériés, c'est-à-dire des jours pendant lesquels on ne travaille pas. Certaines fêtes sont civiles et d'autres sont d'origine religieuses. Voici les principales. Le jour de l'An correspond au 1 janvier. On le fête avec ses amis ou sa famille, et on souhaite « bonne année! » à ses proches.

Le 14 juillet est la fête nationale française. Elle célèbre la prise de la Bastille qui a eu lieu le 14 juillet 1789. Des feux d'artifices et des défilés militaires sont organisés. Le 8 mai est la fête de la Victoire. C'est la commémoration, c'est-à-dire la fête anniversaire, de la fin de la Seconde Guerre mondiale. Le 1er mai correspond à la fête du Travail, et rappelle la lutte des ouvriers pour réduire la journée de travail à huit heures. Ce jour-là, on offre traditionnellement du muguet, une petite fleur blanche, à ses proches.

Noël a lieu le 25 décembre. C'est une fête chrétienne qui célèbre la naissance de Jésus. Les familles se réunissent et partagent un bon repas le soir du 24 décembre, et on s'offre des cadeaux. Enfin, Pâques n'a pas de date fixe, c'est un dimanche compris entre le 22 mars et le 25 avril. À cette occasion, les parents cachent des oeufs en chocolat dans la maison et le jardin, et les enfants s'amusent à les chercher.

La météo - Quel temps fait-il?

Avec les prévisions météo, on peut savoir quel temps il fera le soir, le lendemain ou dans la semaine. Quand il y a un grand soleil sur la carte, il fera chaud sur la région.

Quand la météo indique un soleil avec des nuages, il y aura peu de soleil et il y aura souvent du vent. Le temps sera gris. S'il y a des nuages avec de la pluie sur la carte, c'est qu'il va pleuvoir et qu'il y a des risques de tempête ou de grêle. Si de la pluie tombe alors qu'il y a du soleil, vous pourrez sans doute observer un arc-en-ciel.

Quand il y a des nuages avec de la neige qui tombe, c'est qu'il va neiger et qu'il peut y avoir du brouillard, des risques de congélation, de la glace et que la température sera très basse. Lorsqu'il y a un éclair avec des nuages et de la pluie, il risque d'y avoir de la foudre et du tonnerre.
